### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Heidi Nebel on 7-13-05.

The application has been amended as follows:

The amendment filed 10-12-05 by fax has been entered.

In claim 4, please change "claim 3" to --claim 1--.

The following is an examiner's statement of reasons for allowance:

Claims 2, 3, 6-12, 14, 15 and 17-21 have been canceled. claims 1, 4, 5, 13 and 16 remain pending and are allowed.

The new matter rejection regarding the phrase "murine animal" was withdrawn because the phrase has been replaced with BPH/5 mouse which was known in the art and described on pg 5, lines 8-12.

The 102 rejection over Makino was withdrawn because the claims are now limited to BPH/5 mice and Makino only taught a rat.

The 102 rejection over Takimoto was withdrawn. The BPH/5 mouse as newly amended in claim 1 was known in the art at the time of filing as an inbred strain having a particular structure and phenotype (pg 5, lines 8-12). The mouse of Takimoto was transgenic and was not a BPH/5 mouse as claimed at least because it had a different structure than the BPH/5 mouse – it had an exogenous transgene.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
